Rise and Recline Chair

The Dream Deluxe Chair is a quality Rise and Recline chair. You can be lying down and then at a touch of a button be raised to your feet. Perfect for anyone with mobility problems

The Dream Deluxe Rise and Recline chair is available in three colours (Dark Brown, Light Brown and Bordeaux)

The Dream Deluxe chair is supplied with an Okin motor and early rise ottoman, enabling the user to raise their legs, without fully reclining the armchair. The quiet reliable motor enables the user to achieve multiple comfortable positions.

The Dream Deluxe Rise and Recline chair is supplied with extra padded support for the back and neck - making this chair one of the most comfortable available

There is a battery back up system which enables the chair to be raised and lowered at least 3 times, in the event of a power failure.

A simple easy to operate 2 button hand-set enables the user to raise and lower the chair independently.
